# SAY HELLO TO CBD HEALTH RELIEF

In 2018, we started our company with a simple goal - to bring the best quality CBD to the market. And we've been doing just that ever since! Our CBD oil is the best quality full-spectrum CBD oil available in the UK, and our customers love it for its pure quality.

After starting off with a local store in Batley, we soon realized that we could help more people by selling online. So that's what we did - and now, our high-quality CBD products are available across the UK and Europe.

At CBD Health Relief, we want to make sure CBD is easily accessible for everyone who needs it, so whether you're popping into our store or ordering online, you can be sure we'll help you through every part of your CBD journey.

## Description

Our number 1 seller, the full spectrum CBD oil which contains all the health boosting compounds naturally found in the cannabis plant, made in the USA and Europe.

Just know when your shopping with CBD Health Relief, that you're getting 100% quality CBD products every time.

## Ingredients

- Full Spectrum CBD Oil
- Organic Hemp Oil

## Storage

Store in a cool dry place, under 25°C.  
Keep out of direct sunlight.

## Recommended Dosage

As a rough guide, take 4-6 drops under the tongue, up to 3 times a day.

A usual 30ml bottle will carry on average 600 drops.

1 drop = 0.05ml - 1 full dropper = 1ml

As an example, for someone who would like to take 30mg of CBD a day, they could use the 500mg 30ml bottle like following:

$500\text{mg} \div 30\text{ml} = 16\text{mg}$  of CBD per 1ml.

This could be then broken down into 2 x 1ml drops, taken once on a morning, and once on a night.

Everybody takes CBD for different reasons, so use this guide accordingly to your desired dose.

## CBD Can help with:

- ▲ Immune Function
- ▲ Inflammation
- ▲ Stress Response
- ▲ Eczema
- ▲ Addictions
- ▲ Sleep
- ▲ Anxiety / Depression
- ▲ Epilepsy
- ▲ Schizophrenia

## Description

90% pure full spectrum CBD oil contains all the health boosting compounds naturally found in the cannabis plant, made in the USA and Europe.

Our full spectrum CBD oil contains three beneficial compounds naturally found within the cannabis plant. These include Cannabinoids (such as CBD, CBG, CBN, and CBT), Terpenes, and Flavonoids.

## Ingredients

- BroadSpectrum CBD Oil (90%)

## Storage

Store in a cool dry place, under 25°C. Keep out of direct sunlight. Refrigerate where possible. Oil may harden and crystallise. If this happens, place syringe under boiling water for around 30 seconds to allow the oil to decrystallise and melt, allowing the oil to exit the syringe with ease.

## Recommended Dosage

CBD oil can be used in various ways such as orally, in food, and vapourising.

Everybody takes CBD for different reasons, so use this guide accordingly to your desired dose. But for overall health, 50mg would work well for a balanced diet.
